

**SHAHEED MOHTARMA BENAZIR
BHUTTO INSTITUTE OF TRAUMA AT
KARACHI**

**FINANCIAL STATEMENTS
FOR THE YEAR ENDED
JUNE 30, 2021**

Independent auditor's report to the Board of Governors

Opinion

We have audited the annexed financial statements of **Shaheed Mohtarma Benazir Bhutto Institute of Trauma at Karachi** (the Institute), which comprise of the statement of financial position as at 30 June 2021, and the statement of income and expenditure, statement of changes in fund and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position as at 30 June 2021, the statement of income and expenditure, the statement of changes in fund and the statement of cash flows for the year then ended together with the notes to the financial statements present fairly, in all material respects in accordance with approved accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Institute in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for opinion.

Responsibilities of Management and Board of Governors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the approved accounting and reporting standards as applicable in Pakistan, and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Institute's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Institute or to cease operations, or has no realistic alternative but to do so.

Board of governors are responsible for overseeing the Institute's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of the internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Institute's internal control.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness on the management's use of going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Institute's ability to continue as a going concern. If, we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Institute to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of governors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The engagement partner on the audit resulting in this independent auditors' report is Imran Shaikh.

EXECUTIVE DIRECTOR

MEMBER OF BOG

SHAHEED MOHTARMA BENAZIR BHUTTO INSTITUTE OF TRAUMA AT KARACHI
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 Shaheed Mohtarma Benazir Bhutto Institute Of Trauma at Karachi ("the Institute") was established in 2019 as an institute approved by Government of Sindh under "Shaheed Mohtarma Benazir Bhutto Institute Of Trauma at Karachi Act, 2018" (SMBBIT Act, 2018).

The Institute is located at Chand Bibi road, near Civil Hospital Karachi.

1.2 The functions of the Institute are as follows:

- i) to undertake treatment and acquire latest physical facilities necessary for carrying out investigation and treatment of various diseases and injuries in the field of Orthopedic Surgery, Neurosurgery, Traumatology, Vascular Surgery and Rehabilitation;
- ii) to develop methodology and standardize technique for the investigation and- treatment of various diseases or injuries in the field of Orthopedic Surgery, Neurosurgery, Traumatology, Vascular Surgery and Rehabilitation;
- iii) to provide the optimum, emergency, subsequent definite treatment and post-trauma rehabilitation to the accident injured victims, triaged from accident site and referred from Karachi, outskirts, satellite trauma center of the Institute at other districts of the Province of Sindh;
- iv) to administer and control all trauma centers established by Government throughout the Province of Sindh;
- v) to undertake teaching in the principles of Orthopedic surgery, Neurosurgery, Traumatology, Vascular Surgery and Rehabilitation, with emphasis to transfer skill and impart knowledge in view of innovations to doctors, nurses, paramedical technologists, biomedical technologists and others;
- vi) to undertake postgraduate teaching programmes such as FCPS, M.S., M.D., Ph.D., and other diploma in the field of Orthopedic Surgery, Neurosurgery, Traumatology, Vascular Surgery, Rehabilitation and Emergency Medicines, in collaboration with the College of Physicians and Surgeons Pakistan or University of Medical or Health Sciences recognized by the Higher Education Commission or Pakistan Medical Dental Council;
- vii) to hold examinations and to award and confer degrees, diplomas, certificate and other academic distinctions to the persons who have been admitted to and have passed its examinations under the prescribed conditions;
- viii) to undertake training of nursing and paramedical staff including technicians both graduate and postgraduate in the field of Orthopedic Surgery, Neurosurgery, Traumatology, Vascular Surgery, Rehabilitation and Emergency Medicine;
- ix) to carry out and promote research, surveys, experiments and demonstrations and to develop data base registry to be used for improvement of services, preventive methodologies and future planning in the field of Orthopedic Surgery, Neurosurgery, Traumatology, Vascular. Surgery, Emergency Medicines and Rehabilitation;
- x) to publish research papers, studies and such other works as are completed at the Institute or are prepared in collaboration with any other similar institute or agency, local or foreign or which are otherwise of substantial value to the Institute;

CAC

- xi) to organize seminars and conferences, workshops to transform knowledge, skill of new innovations and to promote co-operation with national and international agencies, organization, institutions, fellowship colleges and universities in activities, falling within the purview of the Institute; and
- xii) to undertake all such activities or do such other acts and things as may be necessary to further the objectives of the Institute.

2 BASIS OF PREPARATION

2.1 Statement of Compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprises of:

- International Financial Reporting Standards (IFRS) issued by International Accounting Standards Board (IASB) as notified in Companies Act, 2017; and
- Accounting Standard for Not for Profit Organizations (Accounting Standard for NPOs) issued by the Institute of Chartered Accountants of Pakistan as notified under Companies Act, 2017

2.2 Basis of Measurement

These financial statements have been prepared under historical cost convention and following accrual basis of accounting except cash flows information.

2.3 Presentation and functional currency

These financial statements are presented in Pak Rupees, which is the Institute's functional and presentation currency.

2.4 Initial application of standards, amendments and interpretations to existing standards

a) Amendments to accounting and reporting standards that became effective during the year

There are certain amendments to accounting and reporting standards that are applicable for the financial year beginning on 01 July 2020. However, these are considered not to be relevant or do not have any significant impact on the Institute's financial reporting and operations and, therefore, have not been presented in these financial statements.

b) Standards and amendments to accounting and reporting standards that are not yet effective and have not been early adopted by the hospital

There are other new accounting and amendments to accounting and reporting standards that are not yet effective are either considered not to be relevant or do not have any significant impact on the Institute's financial reporting and operations and, therefore, have not been presented in these financial statements.

CNC

2.5 Significant accounting judgments and critical accounting estimates / assumptions

The preparation of financial statements in conformity with approved accounting standards requires the management to:

- exercise its judgment in process of applying the Institute's accounting policies, and
- use of certain critical accounting estimates and assumptions concerning the future.

The areas involving critical accounting estimates and significant assumptions concerning the future are discussed below:

a) Property and equipment

Management has made estimates of residual values, useful lives and recoverable amounts of certain items of property, plant and equipment and intangible assets. Any change in these estimates in future years might affect the carrying amounts of the respective items of property, plant and equipment and intangible assets with corresponding effect on the depreciation charge and impairment loss.

b) Impairment

The carrying amount of the Institute assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If such indications exist, the assets' recoverable amount is estimated in order to determine the extent of impairment loss, if any.

c) Contingencies

The assessment of the contingencies inherently involves the exercise of significant judgment as the outcome of the future events cannot be predicted with certainty. The Institute, based on the availability of the latest information, estimates the value of contingent assets and liabilities which may differ on the occurrence/non-occurrence of the uncertain future event(s).

3 SIGNIFICANT ACCOUNTING POLICIES

3.1 Property and equipment

a) Operating fixed assets

Initial recognition

The cost of an item of property and equipment is recognized as an asset if it is probable that future economic benefits associated with the item will flow to the entity and the cost of such item can be measured reliably. Recognition of the cost in the carrying amount of an item of operating fixed assets ceases when the item is in the location and condition necessary for it to be capable of operating in the manner intended by the management.

Measurement subsequent to initial recognition

All the items of the property and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any, except for capital work in progress which are stated at cost.

Cost in relation to items of property and equipment stated at cost represent historical costs. Cost comprises acquisitions and other directly attributable cost.

MC

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Institute and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to income and expenditure during the period in which they are incurred.

De-recognition

An item of property, plant and equipment is derecognized on disposal; or when no future economic benefits are expected from its use or disposal. Gain or loss on disposal or retirement of an asset is recognized as an income or expense.

Depreciation

Depreciation is charged in the income and expenditure and other comprehensive income using straight-line method in accordance with useful lives specified in the note 4. Depreciation is charged on additions during the period from the month of purchase whereas no depreciation is charged in the month of disposal.

Useful lives are determined by the management based on expected usage of asset, expected physical wear and tear, technical and commercial obsolescence, legal and similar limits on the use of assets and other similar factors.

The assets' residual values, useful lives and methods are reviewed, and adjusted if appropriate, at each reporting date.

b) Capital work in progress

Capital work in progress is stated at cost less impairment (if any). All expenditure connected with specific assets incurred during the installation and construction period are carried under capital work in progress. These are transferred to specific assets as and when assets are available for use.

c) Impairment

The Institute assesses whether there is any indication that Property and Equipment may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying value exceeds recoverable amount, assets are written down to the recoverable amount, by recognizing the difference in the income and expenditure account currently.

3.2 Intangibles

These are stated at cost less accumulated amortization and impairment losses, if any. Amortization is provided on a straight line basis at the rates disclosed in the note 5 to the financial statements on monthly basis. Cost associated with maintaining computer softwares is recognized as an expense as and when incurred.

3.3 Inventories

Inventories comprise medicines, instruments, consumables and general supplies such as surgical supplies, stationery, grocery items, etc. These are valued at cost. Cost is determined on weighted average basis. Cost comprise the purchase cost and other related costs incurred in bringing the inventories to their present location and condition.

Donated inventories are carried at a valuation equivalent to the cost, which would have been incurred in bringing such inventories to their present location and condition had these inventories been purchased or where the cost of the donated inventories cannot be measured with sufficient reliability such inventories are valued at token value of Rs. 1. Provision is made for slow moving and expired stock where necessary.

Cetc

3.4 Deferred capital grant

Grants restricted for capital expenditure are recognised as 'deferred capital grant' when received.

3.5 Provision

Provision are recognized when the Institute has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date to reflect the current best estimate.

3.6 Trade payables, Accrued and other payables

Accrued and other payable are stated at cost which is the fair value of the consideration to be paid in future for goods and services received, whether billed or not to the Institute.

3.7 Revenue recognition

Grants received in cash and/ or in kind are treated as "Grant income" in the period in which these are received and is credited to income and expenditure account. Excess amount not utilized is returned to the Government of Sindh.

Deferred capital grant is amortised and recognized as income to match the depreciation and amortisation expense provided during the year on related capital assets.

3.8 Cash and cash equivalents

For the purpose of statement of cash flow cash, cash equivalents comprise of balances with banks.

3.9 Financial instruments

a) Initial measurement and recognition

Financial assets

Non-derivative financial assets are recognised at the time when the Institute becomes a party to the contractual provisions of the instrument. Financial assets are derecognised when the rights to receive cash flows from the assets have expired or have been transferred and the Institute has transferred substantially all the risks and rewards of ownership.

Financial liabilities

Financial liabilities are recognised at the time when the Institute becomes a party to the contractual provisions of the instrument. These are initially recognised at fair value and subsequently stated at amortized cost. A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired.

Offsetting of financial assets and financial liabilities

A financial asset and a financial liability is offset and the net amount is reported in the statement of financial position if the Institute has a legal enforceable right to set off the recognized amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

CNC

b) Impairment of financial assets

Financial assets other than trade receivables

Financial assets other than those that are carried at fair value are assessed at each reporting date to determine whether there is any objective evidence of their impairment. A financial asset is impaired if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset, and that loss event(s) had an impact on the estimated future cash flows of that asset that can be estimated reliably.

The impairment loss is recognized immediately in the statement of profit or loss and the carrying amount of the related financial asset is reduced accordingly. An impairment loss is reversed only if the reversal can be related objectively to an event occurring after the impairment loss was recognized.

3.10 Impairment of Non- financial assets

The assets that are subject to depreciation or amortisation are assessed at each reporting date to determine whether there is any indication that the assets are impaired. If there is an indication of possible impairment, the recoverable amount of the asset is estimated and compared with its carrying amount.

An impairment loss is recognized if the carrying amount of an asset exceeds its estimated recoverable amount. The impairment loss is recognised in the statement of profit or loss.

An impairment loss is reversed only to the extent that the asset carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. The Institute recognises the reversal immediately in the statement of profit or loss.

3.11 Taxation

The Institute holds Free Tax Number (FTN) which is issued by Federal Board of Revenue to government organization who are otherwise exempt from holding National Tax Number for the purposes of identification and therefore, is exempt from the provision of the Income Tax Ordinance, 2001.

3.12 Transfer of assets and liabilities from Shaheed Benazir Bhutto Accident Emergency & Trauma Centre, Civil Hospital Karachi (SBBAET) to Shaheed Mohtarma Benazir Bhutto Institute of Trauma at Karachi (the Institute) on constitution as a separate body corporate under SMBBIT Act, 2018

On July 01, 2019 SBBAET, a department of Civil Hospital Karachi was constituted as a separate body corporate - the Institute, with perpetual succession, under SMBBIT Act, 2018.

Upon the constitution, following book value of assets and liabilities of the erstwhile department were transferred to the newly constituted Institute.

Grand Total		1,480,193	998,308	481,885	-	(481,885)		

4.1.1.2 The project building was constructed on land of Civil Hospital, Karachi. Initially the project was department of Civil Hospital namely Shaheed Benazir Bhutto Accident Emergency & Trauma Centre, Civil Hospital, Karachi. Subsequent to the enactment of SMBBIT Act, 2018, the said department was constituted as a separate body corporate on 01 July 2019. However, the title of land was not transferred to the Institute and therefore the land remains property of Civil Hospital, Karachi. Consequently, the fair value of land can not be measured reliably and therefore it is recognized at nominal value of Rs. 1 to ensure monitoring and accountability.

4.1.1.3 The ground breaking for the construction of building and civil works thereon commenced on 07 September 2009 by Ministry of Health, Government of Sindh (GoS) and was formally inaugurated for operation on 23 December 2015. It commenced its full operational activities from 01 July 2016 under administration of Civil Hospital, Karachi. The project was in the name of the Project Director office (PD) who was responsible for planning, designing construction and completion of the project. The project includes building & civil work along with all the other fixtures & equipment. The title of project's complex will be transferred to the Institute subsequent to the submission of PC - IV to the GoS after settlement of final liabilities amounting to Rs. 131.24 million by GoS. Since, the control of building resides with the Institute the same was capitalized in the financial statements.

4.1.1.4 Upon constitution as a separate body corporate on 01 July 2019, the property and equipments were transferred to the Institute and recognized at written down value as follows:

Assets category	Written down value as at 1 July 2019	Remaining Useful lives in years as at 1 July 2019
- Land	1	
- Building and civil work on Land	2,356,037,374	16.5

20 FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Company is a going concern and there is no intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange dealer, broker, industry group, pricing service or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

IFRS 13 'Fair Value Measurement' requires the Company to classify fair value measurements and fair value hierarchy that reflects the significance of the inputs used in making the measurements of fair value hierarchy has the following levels:

- **Level 1:** Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- **Level 2:** Inputs other than quoted prices included within level 1 that are observable for the asset either directly that is, derived from prices.
- **Level 3:** Inputs for the asset or liability that are not based on observable market data (that is unadjusted) inputs.

	Level I	Level II	Level III	Total

21 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

Financial risk factors The Institute's activities expose it to a variety of financial risks: market risk (including price risk), credit risk and liquidity risk. The BOG has overall responsibility for the establishment and oversight of the Institute's risk management framework. The BOG is also responsible for developing and monitoring the Institute's risk management policies.

21.1 Market risk

21.1.1 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices, whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Institute is not materially exposed to price risk as it does not have any significant price sensitive instruments.

CAC

21.2 Credit risk

Credit risk represents the risk of financial loss being caused if counter party fails to discharge an obligation

Credit risk arises from deposits with banks and financial institutions, deposits and other receivables. The credit risk on liquid funds is limited because the counter parties are banks with reasonably high credit rating. The Institute monitors the credit quality of its financial assets with reference to historical performance of such

Out of the total financial assets of Rs. 352,133,422 (2020: Rs. 323,016,040) the financial assets exposed to credit risk amount to Rs. 352,133,422 (2020: Rs. 323,016,040). The carrying values of financial assets exposed

	2021	2020
	----Rupees----	
Receivables from Government of Sindh	131,241,845	131,241,845
Advance, prepayment and other receivable	152,613,386	165,000
Cash at banks (note 8)	68,278,191	191,609,195
	352,133,422	323,016,040

Credit risk from bank deposits is managed by placing deposits with banks / mutual funds having sound credit ratings. The credit quality of Institute's bank balances can be assessed with reference to external credit ratings

Banks

	Agency	Rating Short term	Long term
Habib Bank Limited	VIS	A-1+	AAA
Sindh Bank Limited	VIS	A-1	A+
National Bank of Pakistan	PACRA	A-1+	AAA

21.3 Liquidity risk

Liquidity risk represents the risk that the Institute will encounter difficulties in meeting obligations associated with financial liabilities. The Institute's liquidity management involves maintaining sufficient cash, projecting cash flows and considering the level of liquid assets necessary to meet obligations associated with financial liabilities. The table below analyses the Institute's financial liabilities held at amortized cost into relevant maturity groupings based on the remaining period at the reporting date to contractual maturity dates. The amounts disclosed in the table are the contractual undiscounted cash flows:

	30-Jun-21		
	Maturity up to one year	Maturity after one year	Total
Project director's liability	131,241,845	-	131,241,845
