WORKSHOP INTRODUCTION

The wound management workshop is a hands-on training program designed to equip healthcare professionals with the knowledge and skills needed to effectively manage various types of wounds, including acute and chronic.

The workshop typically includes interactive sessions on wound assessment, dressing selection, and infection control, among others, and is aimed at improving patient outcomes and reducing healthcare costs associated with ineffective wound care.

WHO SHOULD ATTEND?

**All Health Care
Workers**

Registration Fee: Rs: 500/=
